PRODUCT HIGHLIGHTS

Acts fast and helps prevent tear evaporation due to lipid layer deficiencies. For mild to moderate symptoms of eye dryness that may be from digital device use.

Soothing hydration for mild to moderate symptoms of eye dryness. Locks in moisture to prevent further irritation.

Works on all three tear film layers to provide prolonged relief and comfort for symptoms of eye dryness that may be due to MGD*

Provides sheer comfort and extended relief for moderate symptoms of eye dryness—day or night

Nighttime relief plus protection for intense symptoms of eye dryness
