

PA DETERMINATIONS, **FASTER***

By automating part of the process providers and pharmacists use for prior authorization (PA) requests, CoverMyMeds helps patients access their medications faster.*

covermymeds[®]

*Compared to phone and fax methods

Through our online platform and robust network integrations with leading EHRs, more than 900,000 providers use CoverMyMeds to electronically submit PA requests to every health plan.

Submit requests for any medication and all plans

Renew previously submitted PA requests

Receive faster PA determinations,* often in real time

Automatically notify patients of PA determination

GET STARTED IN THREE EASY STEPS

- 01** Create an account with CoverMyMeds, or log in to your existing account at covermymeds.com.
- 02** Start a PA request or access a pharmacy-initiated request. Complete PA fields, including option, with consent, to enable auto-share of PA determination with your patient.
- 03** Electronically submit the request to any plan for determination.
