

# CRACK THE CODE: RELIEVE EYE DRYNESS

Artificial tears for today's digital device users.

A lot can happen in the blink of an eye. When using digital devices, incomplete blinking contributes to tear film instability, resulting in eye dryness.

## REFRESH® DIGITAL:

- Supports all three tear film layers
- Enables hydration with *HydroCell™* technology
- Prevents tear evaporation due to lipid layer deficiencies

Reboot. Relieve. **REFRESH™**

**Refresh**  
**DIGITAL**

# Get to know the best from REFRESH®

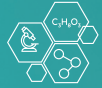

## REFRESH® DIGITAL

SCREEN TIME  
MILD/MODERATE SYMPTOMS

Lipid-enhanced formula with CMC and *HydroCell*™ technology.

- Acts fast to relieve eye dryness that may be from digital device use
- Supports all three tear film layers
- Protects against tear evaporation due to lipid layer deficiencies caused by incomplete blinking

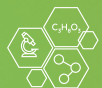

## REFRESH® RELIEVA™

DAYTIME  
MILD/MODERATE SYMPTOMS

The only products in the U.S. with CMC, HA (inactive ingredient), and *HydroCell*™ technology.

- Specially formulated to hydrate, relieve, and protect
- Available in multidose, multidose preservative-free, unit-dose preservative-free, and multidose for contact lens wearers
- RELIEVA™ PF is also recommended for post-LASIK use

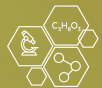

## REFRESH OPTIVE MEGA-3®

DAYTIME  
MODERATE SYMPTOMS

Preservative-free formula with CMC, Flaxseed Oil (inactive ingredient), and *HydroCell*™ technology.

- Provides prolonged relief and comfort for symptoms of eye dryness that may be due to MGD
- Supports all three tear film layers
- No shaking required prior to use, unlike Systane® Complete and Systane® Balance

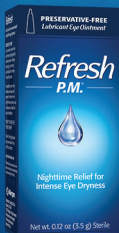

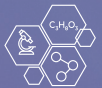

## REFRESH OPTIVE® GEL DROPS

DAY OR NIGHT  
MODERATE SYMPTOMS

Our most comprehensive gel formula.

- Features a special blend of CMC and *HydroCell*™ technology
- Delivers sheer comfort and extended relief
- No shaking required prior to use, unlike Systane® Gel Drops

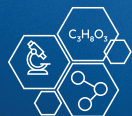

## REFRESH P.M.®

NIGHTTIME  
INTENSE SYMPTOMS

Strong, soothing, preservative-free ointment for nighttime use.

- Provides relief and protection
- Ideal for use at bedtime

VISCOSITY

*HydroCell*™ technology is our proprietary NaCl-free, glycerin-based solution that enables hydration and maintains the volume of cells on the ocular surface.
